BOARD PRESIDENT’S COMMENTS

Mr. Fleres welcomed everyone to the meeting and remarked that there was a closed session earlier so the meeting has already been opened.

He noted that the required public hearing on harassment, intimidation and bullying would be next on the agenda and a special opportunity for public comment will follow the presentation.

SPECIAL PUBLIC HEARING ON HARASSMENT, INTIMIDATION AND BULLYING

The hearing opened at 7:38 p.m.

Mr. Lee McDonald, Director of Guidance and Anti-Bullying Coordinator, started the presentation of the semi-annual 2016-2017 Harassment Intimidation & Bullying (HIB) report noting that it is in compliance with the 2011 Anti-Bullying Bill of Rights Act (ABR) (N.J.S.A. 18A:17-46) and as required by the New Jersey State Department of Education (P.L. 2010, c.122).

Mr. McDonald revisited the State’s definition of HIB and the seriousness of the distinguishing characteristics of the definition. “Any gesture, any written, verbal or physical act, or any electronic communication, whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory [handicap] disability, or by any other distinguishing characteristic, that takes place on school property, at any school-sponsored function [or], on a school bus, or off school grounds as provided for in section 16 of P.L. 2010, CHAPTER 122, that substantially disrupts or interferes with the orderly operation of the school or the rights of other students.”

Since its adoption in 2011, we continue to use the categorized data of the ABR. He then provided a “snapshot” on how factual evidence of findings is defined and reviewed the investigations and confirmed HIB data for a three-year period (September 2013 through June 2016). During this timeframe and with clearer clarification of HIB definition, the pattern tends to be consistent. There has been an “uptick” in investigations due to training and protocols as well as best practices in investigations.

Then he focused on the applicable data for the September-December 2016 timeline, including findings by category and grade level investigations. Overall, there were 40 investigations with 23 confirmed HIB. K-3 had no incidents, while the other grade levels patterns were consistent noting that the middle schools were still the “hot spots” for investigations.

Mr. McDonald shifted focus to “school culture and climate” referring to the current quality and character of school life. It is based on people’s experiences of schools and reflects norms, goals, values, interpersonal relationships, teaching and learning practices, and organizational structures. He talked about some of the qualities that connects and establishes a “positive” school climate, best practices, data driven decisions, stakeholder feedback, NJ DOE annual HIB Anti-Bullying Rubric, and, WW-P and Campaign Connect-NJ, Safety Teams at 6-12 grade levels, and NJ Center for Supportive Schools. He then provided an update on district-wide resources.

The Center for Supportive Schools’ “Campaign Connect-New Jersey” is a movement designed to encourage schools to become safer, more supportive, engaging, and inspiring and provide them with the tools and resources to do so focusing on grades 6-12. Schools will increase their capacity to more effectively address students’ social and emotional needs and accelerate student achievement. He also spoke about the Campaign Connect School Certification Cycle and the six steps for certification: register/renew; establish stakeholder team; collect and analyze data; develop climate and culture action plan; implement action plan and track progress; and, apply for certification.

Starting last year for grades K-5, the district's mission statement embraced "The Whole Child" tenets and cross school collaboration. Every elementary school has an action plan; steps were reviewed for continued HIB implementation.

He also spoke about bring in outside presenters for school climate assemblies. Recently, at the middle schools, in Dr. Mykee Flowlin's one-man presentation, "You Don't Know Me Until You Know Me," took the audience on an experiential journey to reexamine core precepts that were taught to us from as early on as 1st grade. And, at the high schools, a program was started to engage students to have conversations on various racial, ethnic and cultural topics; and, to engage in dialogue relating to life in general for a "Day of Dialogue."

He then spoke about the survey created in 2012 by the NJ Department of Education (DOE) in collaboration with the Bloustein Center for Survey Research at Rutgers University. The "NJ School Climate Survey" was designed to reinforce positive conditions and address vulnerabilities for learning. Two years ago, the survey focus was on grades 6-12; last year, the survey was on K-5. This spring another survey will be implemented switching between grades 6-12 and K-5. Mr. McDonald ended the presentation with the current mission statement.

The Board Members engaged Mr. McDonald in a brief discussion on various areas of the presentation. Mr. Fleres thanked Mr. McDonald for the report.

SPECIAL OPPORTUNITY FOR PUBLIC COMMENT ON HARASSMENT, INTIMIDATION, AND BULLYING

There were no public comments forthcoming at this time.

Upon motion by Mr. Cheng, seconded by Ms. Juliana, and by roll call vote with all board members present voting yes, the following board action was unanimously approved:

1. To accept the "July 1, 2016, to December 31, 2016, District Semi-Annual Report of Harassment, Intimidation, and Bullying" as required by the New Jersey State Department of Education (P.L. 2010, c.122).

At 7:55 p.m. the Special Public Hearing on Harassment, Intimidation and Bullying ended and the business meeting reconvened.

SUPERINTENDENT'S COMMENTS

Dr. Aderhold remarked that it is bitter-sweet as he recognized Alicia Boyko who will be retiring in February. Ms. Boyko has been with the district for 19 years and he wished her well in her new endeavor. He also recognized another retirement, Larry Shanok, who will be retiring at the end of the school year. Dr. Aderhold noted several of Mr. Shanok's achievements and his expertise and knowledge of multi-year financial planning. Under his leadership, the district has received eight consecutive Certificates of Excellence in reporting in its audited Comprehensive Annual Financial Report from the Association of School Business Officials (ASBO) International. In addition, the district became the second NJ school district to receive ASBO International's Meritorious Budget Award, an award it received for the last three years. Further, since 2006, WW-P has been recognized with an AAA bond rating by Standard and Poor's, a distinction few school districts have accomplished.

Dr. Aderhold then thanked the 28 member Strategic Planning Core Team who participated in the strategic planning process. He remarked that Ms. Wilson was the facilitator and would be presenting the strategic planning process and Core Team's recommendations tonight.

PRESENTATION: STRATEGIC PLANNING

Facilitator Judith Wilson began the presentation with a glimpse of the background, charge and rationale for the strategic plan. At the close of the 2015-2016 school year, West Windsor-Plainsboro Regional School District Board of Education sought proposals for the facilitation of a strategic planning process. Recognizing the importance of organizational focus, the power of a unified direction on student achievement, the swiftly evolving context and demands of our society and the value of targeted resource allocation, the Board moved forward with an inclusive process to determine the points of pride within the district and across the community and stakeholders' hopes, ideas and needs for the next three to five years. Essential to this process was the specific choice and determination on the part of the Board and administration that this be an open, transparent and inclusive process. The strength of many opinions, varied experiences and genuine hopes for the students of the district made this an exceptionally productive process and made the final recommendations meaningful and promising for *all* students.

The process of information-gathering between August and December 2016 included: 15 individual interviews with board members and administrators; 12 small group interviews with association presidents, PTA-PTSA officers and presidents, K-12 directors, HS students, K-5 administrators, 6-8 teachers PK-5 teachers, K-12 supervisors, 6-12 administrators, 9-12 teachers and K-12 support staff; a community open forum with approximately 85 in attendance; and, 10 electronic surveys with 6,486 responses from support staff (42), PK-5 faculty (145), 6-12 faculty (158), parents of elementary (746), middle (517), and high school (482), grades 4-5 students (1,163), grades 6-8 students (1,148), grades 9-12 students (2,059), and non-parent community members (26).

The Strategic Planning Core Team (SPCT) considered all the data to be inclusive of “all” voices and evaluated the points of pride and their key elements. WW-P has a strong foundation to build on, a deep appreciation for high expectations, and a deep love of learning. For goals to become a reality the SPCT developed a mission statement that would relate to current values and have a common thread to the goals since the mission statement and goals will impact the future of the district. The proposed mission statement and goals as presented were:

Mission Statement: The mission of the West Windsor-Plainsboro Regional School District is to empower all learners to thoughtfully contribute to a diverse and changing world with confidence, strength of character, and love of learning.

Strategic Goals: We believe that every individual has intrinsic worth, that embracing diversity enriches and empowers our community, and that people reach their full potential when encouraged to believe it is possible. Therefore, building upon our tradition of excellence, we will guide and support our students' growth, empowering them to value their individual learning journeys.

Goal 1: Understanding that all students have diverse needs, backgrounds, and approaches to learning, we will integrate tools and structures to appropriately challenge and enable students to realize their full potential.

Goal 2: Embracing a rapidly changing world, we will empower learners to assume active roles in their communities, to face and engage global challenges and to contribute proactively toward a more peaceful, just, inclusive, and secure world.

Goal 3: Recognizing that children need to balance physical, social, emotional and academic needs, we will maintain a supportive culture and build structures for the health, safety, and well-being of the Whole Child.

Ms. Wilson then spoke about what happens once the goals and mission statement are Board adopted; they will be widely communicated throughout the district and the community (a specific communication plan will guide this phase). The Superintendent will appoint co-chairs for an action team for each of the goals. The strategic plan facilitator will meet with co-chairs and committees in order to provide clarity of process, supportive resources and general guidance so that all committees are launched well and there is a structure for productive work moving forward. Committee members from within and outside of the district will work from February through June 2017 to create a detailed action plan for each goal. Action plan templates will include: specific steps to be taken; resources needed; responsible persons; measurement or benchmarks; and evaluation of progress. It is the responsibility of the action plan co-chairs and committees to continually review progress and to adjust specific work as necessary. The Board of Education will schedule semi-annual public updates on the progress of the action plans from 2017-2022.

The Board Members engaged Ms. Wilson on various areas of the presentation.

Mr. Fleres thanked Ms. Wilson and the Strategic Planning Core Team for their time and effort.

PUBLIC COMMENT

Eight people spoke on the following topics: field trip; retirements; strategic planning; high school locker rooms; and, the mission statement.

COMMITTEE REPORTS

Administration & Facilities

Ms. Kaish stated that the committee met on January 17, 2017. Topics included: consideration for review the proposed district capital projects for the 2017 summer; reviewed mandatory/new/suggested/revised policies and regulations: P2415.30 Title I Educational Stability for Children in Foster Care; P1520/R1520 Americans with Disabilities Act; P2418/R2418 Section 504 of Rehabilitation Act of 1973–Students; P5116/R5116 Education of Homeless Children; P5330.04 Administering an Opioid Antidote; and, P8330/R8330 Student Records; discussed 2018-2019 School Calendar; listened to a proposal for a student and parent program focusing on social media awareness, internet safety and cyberbullying; and, discussed classroom space considerations for special education and general education programs.

Curriculum and Instruction

Ms. Krug reported that the committee met on January 18, 2017, and covered the following: discussed a small-scale pilot for alternative evaluation for highly effective teachers for the 2017-2018 school year; discussed two proposed research projects; reviewed the Speech and Drama revised curriculum; discussed two professional development opportunities; reviewed the Community Education Spring/Summer 2017 classes and trips; discussed two middle school students attending a 12 week theatre program at Middlesex County Arts Middle School; disposal of instructional materials; and, overnight field trips.

Finance

Mr. Zhong commented that the committee met on January 17, 2017, and supported the agenda items. The finance agenda had a number of special purpose items and among them were the 2017-2018 budget discussion cycle, upcoming staff training, and a long list of potential vendors on state or co-op contracts. The West Windsor Township deadline for the district's departure from the Wallace Road property looms closer as the district works on some alternatives for possible action. The district's financial advisor noted that in September, over ten million of district bonds become callable. With

rules that allow a refinancing at most 90 days in advance, a bond sale is possible, should the financial markets remain favorable. Sensitive budget items such as tuition and benefits were discussed. It was noted that the State has just ruled on allowable tuition rates for private schools for 2017-2018. Unlike public school districts, private schools are not held to the general fund tax levy cap rules. The district architect had suggested at Administration & Facilities Committee meeting, capital projects for action based on his participation in discussions with principals and his knowledge of the facilities of the district. The earlier total project list exceeded \$40 million. His identification of the greatest needs totals nearly \$16 million, but does not include the million dollar allocation for technology, nor replacements of the soon to be ten year old turf fields or replacement of the High School South track. It does include an addition at the Hawk school to allow for the imminent growth in enrollment due to likely residential construction. With those projects, the total spending is about \$19 million. Even if the budget allows an increase in the capital outlay portion of the budget to 3.6 million dollars, there remains a clear need for capital reserve dollars.

ADMINISTRATION

It was requested to vote on Administration Item No. 6 separately.

An administrative addendum was added for a legal settlement.

Upon motion by Ms. Herts, seconded by Mr. Cheng, and by roll call vote with all Board Members present voting yes, the Administration Items 1 through 5 and the addendum were approved by all board members present.
