**Re: Shared Services Agreement: Township of Plainsboro - West Windsor - Plainsboro
Regional School District Board of Education**

I have had an opportunity, pursuant to your request, to review the draft, above-referenced Shared Services Agreement to provide police security for the West Windsor-Plainsboro Regional School District Board of Education schools located within the Township of Plainsboro.

The draft Shared Services Agreement is comprehensive and I believe addresses all of the issues between the Township and the Board. I had several suggested revisions which are set forth in the attached red-lined version of the agreement. I also attach a clean copy of the agreement incorporating my suggested changes.
